

Audrey - F, 30 - Creative, awkward, introverted, escaping traumatic events
Izzy - F, 16 - Sarcastic with a dark edge; big personality

AUDREY

Izzy! How am I supposed to get any work done if I have to turn the page for you every minute?

IZZY

What else am I supposed to do? And it's not like I can turn them myself.

AUDREY

So watch TV.

IZZY

Of course! Let's see...what's on the Bumblefuck Nowhere Network? Oh. Right. Nothing! Nothing is on because there's no signal in Bumblefuck, Nowhere.

AUDREY

So watch a DVD.

IZZY

I've seen them all.

AUDREY

You've read that book twice!

IZZY

I still like it. You could read it along with me.

AUDREY

I've also read it twice!

IZZY

So buy more books.

AUDREY

That doesn't solve the issue when I have to work. Can't you just stick your face in the book or something?

IZZY

I don't have x-ray vision. You try reading a book when it's pressed against your face.

Audrey - F, 30 - Creative, awkward, introverted, escaping traumatic events
Izzy - F, 16 - Sarcastic with a dark edge; big personality

AUDREY

This is stupid. I have work to do.
Work. Something that adults do. You
wouldn't understand.

IZZY

Nope. I'll just be a young hottie
forever.

AUDREY

No one can see you!

IZZY

Just think about that when things start
getting saggy.

AUDREY

You are impossible.

IZZY

Impossibly hot.

AUDREY

Like you even know what you look like.

IZZY

You're only as hot as you feel, Audrey.
And guess how I feel.

AUDREY

(sigh)
Hot?

IZZY

I feel hot.

AUDREY

I can't keep doing this with you. I
have things to do.

IZZY

Oh? Like trying to use the wrong bit on
the drill? Because the other one broke?
You think I didn't notice?

Audrey - F, 30 - Creative, awkward, introverted, escaping traumatic events
Izzy - F, 16 - Sarcastic with a dark edge; big personality

AUDREY

This one works, too.

IZZY

You know what would work better? The right one. But oh, you can't just get a diamond-tipped bit over at Captain Hick's Hickville Emporium, huh? At least the nearest Lowe's is only eight hours away.

AUDREY

His name is Zeke. Don't be ignorant.

IZZY

Right. Zeke. The fine, cultured proprietor of a store called Nail It. It's a shame that Get Hammered was already trademarked.

AUDREY

You're being really rude right now.

IZZY

Yep. Nice deflection from your broken drill bit.

AUDREY

What?! What do you want me to say?! That moving to Alaska was stupid? That being completely isolated from every comfort of society was a terrible fucking idea? Fine. Izzy, you were right. It was a dumb idea to move here. I'm an idiot. I miss consistent internet and my car and Door Dash and this goddamn diamond-tipped drill bit! Are you happy?!

IZZY

Not really, but it's a start.
